KMS

KMS client snapshot

Financial Services corporation
headquartered in Japan

A subsidiary of leading provider of automotive
financial services, the client has 11 branch
offices across Thailand with 1,000 employees.

CHALLENGES

- Operational data spread in many separate systems, difficult for management to have consolidated KPIs.

BENEFITS

- Monitor KPIs in near real-time.
- Elimination of manual reporting and data reconciliation.
- Easy and immediate access to the information needed without having to wait for IT to produce reports.
- Enabled flexible analyses.

SOLUTION

- Deployed QlikView to 75 users with dashboards for:
 - Collection
 - Insurance
 - Wholesale Finance
 - Sales & Marketing
 - Customer Management
- Automated QlikView report distribution tools using Click2Mail.
